Our Fleet

speedwings Business

Speedwings Business, founded in Switzerland in 2006 by people with extensive experience in the private aviation industry, is a business jet operator offering a wide range of services. It is strategically based in Geneva, from where it offers its services throughout Europe and beyond, with a fleet of seven modern business jets, and has been granted an European Air Operator's Certificate (AOC) for Commercial Air Transport operations.

Handling Services

Our team of passionate and committed specialists are on hand 24/7 to respond to all your requests. Our philosophy is based on a simple but important fact: YOU are the focus of our business. That's why we strive to make each flight a unique experience. The vast majority of our clients are regular customers. They have been coming to us for many years, and have built up a relationship of trust, and we can now cater to the specific requirements of each passenger.

"Whether it's a straightforward flight you need, or something a little more complicated, our team of experts is at your disposal 24/7."
