Business Jets

Our Fleet

## *speedwings* Business Jets

Speedwings Business SA, founded in Switzerland in 2006 by people with extensive experience in the private aviation industry, is a business jet operator offering a wide range of services.

It is strategically based in Geneva, from where it offers its services throughout Europe and beyond, with a fleet of modern business jets. All flights are conducted according to EASA Commercial Air Transport operations.

Our team of passionate and committed specialists are on hand 24/7 to respond to all your requests. Our philosophy is based on a simple but important fact: YOU are the focus of our business.

That's why we strive to make each flight a unique experience. The vast majority of our clients are regular customers. They have been coming to us for many years, and have built up a relationship of trust, and we can now cater to the specific requirements of each passenger.

*" Whether it's a straightforward flight you need, or something a little more complicated, our team of experts is at your disposal 24/7. "*
